ASSP (American Society of Safety Professionals)

1. The American Society of Safety Professionals (ASSP) is non profit organisation for occupational safety and health professionals. For more than 100 years, we have supported occupational safety and health (OSH) professionals in their efforts to prevent workplace injuries, illnesses and fatalities. We provide education, advocacy, standards development and a professional community to our members in order to advance their careers and the OSH profession as a whole. ASSP Kuwait Chapter

Who We Are

Informative

Sharing knowledge is at the heart of what we do — through symposiums, networking events, continuing education offerings, our professional journal and more.

Connected

With more than 38,000 members in 80 countries around the world, we connect safety and health professionals to a vast community of peers, resources and opportunities.

Established

Since 1911, we have been the most respected advocate for workplace safety and health professionals, working hard to advance the profession and the individuals who choose it.

Passionate

Our members are dedicated to making the world a safer and healthier place. We share their dedication and are passionate about helping them achieve their goals.

Kuwait Chapter (KC) of the American Society of Safety Professionals (ASSP-KC) ISO 9001 certified is the premier voluntary non profit making Health, Safety and Environment organization that strives to spread the message of HSE to the community and to provide professional guidance, training and resources to the industrial and social sectors in the state of kuwait GCC region. As part of our goals, we have been conducting technical meets, Private Sector HSE Excellence Recognition Programs, training programs and international conferences since our inception.

Jahid Thakor
President , ASSP Kuwait Chapter

HSSE is an essential component of all businesses and it is highly essential that it is completely intertwined & integrated with the core activities / operations of any business. According top priority to HSSE not only increases productivity and profitability but plays a key role in ensuring sustainable development. Over a period of time the views and opinions of industry professionals , who viewed HSSE as a separate function has undergone a paradigm change as demonstrated by the fact that HSSE is viewed by them as an integral part of all operations. In this context, it is very relevant to note that American Society of Safety Professionals –Kuwait Chapter (ASSP-KC) is organizing its 11th International HSSE & Loss Prevention Professional Development Conference & Exhibition2022-.

Ahmed Esmail
Mentor, PDC 2022 – ASSP Kuwait Chapter
TL Safety – KNPC

It gives me immense pleasure to be part of this mega HSSE event and I am delighted to be associated with this conference as a mentor . ASSP-KC is the most vibrant nonprofit making organization in Kuwait which has been actively contributing towards improvement of HSSE by providing professional guidance, training & consultancy. I am sure the upcoming Conference will streamline and enrich the thought process of delegates, enhance their knowledge, provide the perfect platform post pandemic for sharing best HSSE practices and networking opportunities among industry professionals. I extend my best wishes for this mega HSSE event to achieve its set objectives and become a stupendous success
